The Metal Detecting Association of Washington (MDAW) is dedicated to preserving and promoting metal detecting in Washington State. Their web site is:

<https://sites.google.com/site/metaldetectwa/home> .

IMPORTANT NOTICE: The areas that are open to metal detecting in Washington State Parks have been changed dramatically. If you plan to metal detect in one of the State Parks, be sure to verify where you are still allowed to hunt with the on-site Ranger or find the updated map on the Parks Department website BEFORE you go out!

MDAW President Ron Sharer and past President Terry Wright have been attending meetings with the Washington State Parks Department, the Director and staff of State Parks and some key State Senators. The subjects of these meetings have been the recent severe restrictions and closures of many of the Washington State Parks to metal detecting. We have recently forwarded (to Pilchuck Treasure Hunting Club members that receive this newsletter via email) three emails from MDAW that detail some of these closures plus some recent reports from MDAW regarding the results of these meetings.

For those of you that may not be aware, all active members of the Pilchuck Treasure Hunting Club are automatically members of the Metal Detecting Association of Washington, since PTHC has a club membership in MDAW. You can also join individually for only about \$5 per year membership dues. Please check out the organizations website above for further details. The MDAW can use the support from all of us as they work hard to protect our interests and the interests of metal detecting enthusiasts in Washington State. Please share any ideas you might have or to find out how you can help with Terry Wright at wrightterry2016@gmail.com or Ron Sharer at mach9ron@wavecable.com .

If you are interested in lending a little financial support you can show your colors by buying one of the new MDAW T-shirts. They are on sale now for about \$10.00.

Team Scavenger Hunt --- running from January 18th until May 17th, 2017

This scavenger hunt will be a change from the typical scavenger hunt because it is a team hunt and it will run longer.
